

FLUG

The Flug bench is a versatile yet stylish modular bench system, and is perfect for high turnover areas like airports, bus stops, banks, train and subway stations, clinics, hospitals, diagnostic and general service companies. This bench is made with a 3 mm (0.11811 inches) thick perforated sheet, which results in unmatched strength and durability.

In its stainless steel version, it is ideal for environments where corrosion and maintenance are an issue due to moisture or exposure to abrasive cleaners. The Flug Bench is not only durable and long lasting, but virtually maintenance free. This beautiful modular metal bench system offers benefits for corporate and as well as urban furniture applications.

NOMEN Design specializes in the design, development and production of urban and corporate furniture and equipment. Our site furnishings are created with a focus on design quality, and harmony with the environment.

Modular bench system for indoor or outdoor use available in 2, 3, 4 and 5 seating configurations with or without a backrest and armrest.

DIMENSIONS

Seating Options

SPECIFICATIONS

Backed or backless modular bench system for indoor or outdoor environments. Available as two, three, four and five seat units with or without intermediate armrests or tables.

MATERIALS

Optional cold rolled carbon steel or stainless steel ANSI 304 for seats, backs legs, optional armrest and cross support beam. Anodized aluminum for the cross support beam end cap.

Optional Table comes in a transparent tempered glass, metal or laminated MDF board.

FINISHES

Cold Rolled Carbon Steel:

Electro-coated with corrosion resistant epoxy and finished with a thermosetting polyester powder topcoat.

Stainless Steel ANSI 304:

Seats are available in a shot blasted finish. Armrests, legs, and cross support beam are available in either brushed or shot blasted finish.

MOUNTING

Standard surface mounting:

Legs are attached with screws to threaded anchors installed in substrates, or free-standing on rubber pads.

WARRANTY

Products are warranted against defects in material or workmanship for three years from the date of shipment. The warranty does not apply to damage resulting from vandalism, neglect, accident, misuse, tampering, or modification..
